Blood. We live by our blood, and on it. We thrive or starve, as our blood is rich or poor. There is nothing else to live on or by. When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood. This is health. When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it. Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists 49-515 Pearl Street, New York. 50c and \$1.00; all druggists.
